DETAILED ACTION

1. Claims 9, 11-23, 25-26, and 28-32 are pending for examination as interpreted by the examiner. The arguments and amendment filed on 4/23/07 was considered.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: claims 9, 11-23, 25-26, and 28-32 are allowed over the prior art because the references cited in the record, considered in combination or alone, fail to suggest or fairly teach driving the wavefront converter using the driving amount as well as the specific learned data as recited in each of the independent claims. All other claims are allowed with their respective allowable parent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
